

# Veterinary Cannabis Counselor

## Class Schedule

### Welcome to class!

We are thrilled to have you joining our Veterinary Cannabis Counselor (VCC) certification course. Below you will find the course schedule.

In our flipped classroom training model, new subject material is presented in a self-paced learning format to allow students to familiarize themselves with the topic via recorded lectures, reading assignments and projects.

Each of the six modules consists of pre-class work and a facilitated live classroom discussion via webinar. Discussion webinars are held every 2 weeks to allow students time to work through assignments and be prepared to participate in the discussion. Attendance is required at every live classroom discussion webinar.

Please reach out via email ([learning@veterinarycannabis.org](mailto:learning@veterinarycannabis.org)) if you have any questions as you prepare for class!

Sincerely,  
 The Veterinary Cannabis Learning Team

Veterinary Cannabis Counselor certification course – July 2022.
